

Peninsula CLAHRC

The NIHR CLAHRC for the South West Peninsula
(in partnership with LINK Devon)

National Institute for
Health Research

Miracle Cures & Health Panics What's the evidence behind the headlines?

Coffee Cures Cancer! Coffee Causes Cancer! Eat MORE! Eat LESS!

Confused about health stories in the news? Want to learn how to find out what's really behind the headlines? Come along and take part in this fun, interactive workshop.

This workshop is for members of the public, patients and carers. We will explore health stories and learn how to read these news reports critically.

24th October 2012

**Littleham Community Centre, West Down Lane,
Exmouth, EX8 2RH at 2-5 pm**

Refreshments will be available

No experience is necessary

To register your interest for a place on this free workshop
