**Meet like-minded and creative people
who share a passion for recovery**

12 wonderful projects, made possible through our Recovery Development Fund, will be showcasing their work.

We also hope to announce our plans for the Development Fund 2018.

This year the fund is supporting people who are: veterans, children, in rural areas, older adults, in therapeutic care... and many projects are open to all!

A light lunch is provided. Organic Arts will also run a minibus so please get in touch if you would like transport. It may get wet and muddy, so dress for the weather.
